

LOWER FREDERICK TOWNSHIP
MONTGOMERY COUNTY, PENNSYLVANIA
RESOLUTION NO. 2025R – 2
2025 FEE SCHEDULE

BE IT RESOLVED, that the Lower Frederick Township’s Board of Supervisors hereby establish the following fee schedule:

- All filing fees and permits fees are non-refundable, except when required by law.
- Where applicable, these fees are based on gross floor area which includes all interior and exterior areas connected to a structure, including, but not limited to, all rooms and living areas, garages, storage areas, corridors, stairs, closets, decks, porches, basements/crawlspaces, and attics. Attics and crawlspaces with a maximum height of five (5) feet or less at their highest point are excluded from square foot calculations. Measurements shall be from the exterior face/edge of the wall/space to the exterior face/edge of the wall/space.
- Residential additions over existing structures will require the submission of building plans by a registered engineer. All other residential construction shall require engineered signed and sealed plans upon determination of the Code Enforcement Officer.
- **Ordinary repairs do not require any permit.** Ordinary repairs shall include repairs or installation of down spout & rain gutters, masonry pointing, interior floor coverings, kitchen or bathroom cabinet replacement, replacing existing fencing of the same height and location, private concrete, wood or stone walkways on grade not for use by the public, replacement or repair of existing roof covering, repairs and/or replacement of metal or vinyl siding, installation of interior decorative wall covering on existing walls such as wall papering, wood veneer panels and wood and/or plastic trim moldings. Ordinary repairs **SHALL NOT** include cutting away of any load-bearing wall, partition or portion thereof, the removal or cutting of any structural beam or bearing support, or the removal or change of any required means of egress, or re-arrangement of parts of a structure affecting the exit requirements, further, ordinary repairs **SHALL NOT** include additions to structures, or installation of any new electrical wiring or circuits, mechanical equipment, or plumbing drain lines, water line or gas piping.
- Additional plan submissions will be reviewed at a rate of \$150.00/hour (1 hour minimum).
- Phased construction that requires additional inspections shall be charged \$150.00/hour (1 hour minimum) for each additional inspection.
- Additional inspections shall be charged at a rate of \$120.00/hour (1 hour minimum) for each additional inspection.
- \$4.50 will be added to the fee for each permit issued under the PA UCC for remittance to the Department of Labor and Industry, as mandated by Pennsylvania State Law for training fees.

XVIII. ESCROWS

The Board of Supervisors and Staff of Lower Frederick Township may call upon the services of consultants for engineering, legal, site design, traffic design, landscape architecture, environmental, and other professional services as may be deemed necessary incidental to the review, examination, and approval of permit applications and plans; review, examination, and approval of subdivision and land development applications and plans; the inspection of the work completed pursuant to the approval of such applications and plans; securing compliance with the approval of such application or plans; and the review and/or preparation of such legal and engineering documents concerning the same which may be necessary to implement the approval of such applications and plans. In addition, the Township may incur other costs and expenses as result of certain submissions to the Township which the Township is permitted to pass onto the applicant. As such and as required above, an Escrow may be established to reimburse the Township for all such fees, costs, and expenses so incurred and shall be used in accordance with the Pennsylvania Municipalities Planning Code, the Second-Class Township Code, and Township Ordinances & Fee Schedules. In addition, a Professional Services Agreement (PSA) is required as part of the submission process involving an Escrow.

Prior to acceptance by the Township of an application and/or plan, the applicant shall pay to the Township the amount specified above for the Escrow for that particular type of application or plan. Any balances remaining after the review and approval of a prior phase of a project may be applied by the applicant toward the Escrow required for a subsequent phase of review. The Escrow shall be held and maintained in a non-interest-bearing account by the Township as security for the payment of all the reasonable and necessary fees, costs, and expenses incurred by the Township for the purposes above stated and for the payment of a Township administrative fee as set forth herein.

As the Township receives invoices for the fees, costs, and expenses provided herein, it shall forward them to the applicant on a monthly basis and shall withdraw from the Escrow the amount required for the Township to pay such bills. Moreover, Township administrative expenses shall be reimbursed at 10% per billing and with minimum of \$10.00 per bill.

It is the responsibility of the applicant to maintain the Escrow at all times in the amount provided in this Fee Schedule. When funds in the Escrow fall below 50% of the original required amount of the Escrow, the Township shall forward notice to the Applicant to replenish the Escrow within thirty (30) days. If the Township does not receive payment in full from the applicant to replenish the Escrow, the Township reserves the right to charge the applicant an additional administrative fee of 10% of the amount of the replenishment not so paid. Additionally, if the Escrow is completely depleted and the applicant fails to replenish it in a timely fashion upon notice from the Township, the Township may withhold all future action, consideration, and approval on the applicant's plan and application, and the Township may deny the issuance of any permit or other approval related thereto until all of the outstanding fees, costs, and expenses (plus the administrative fees) incurred by the Township are paid in full, and the Escrow is fully funded as provided herein.

The balance of the Escrow may be refunded to the applicant upon the issuance of an occupancy certificate and/or certificate of completion, less any unpaid fees, costs, and expenses incurred by the Township concerning the application and plan. To obtain this refund of the balance, the applicant shall forward to the Township a written request for such refund stating that the subject project has been granted final occupancy, is fully complete, has been denied, or is officially withdrawn. Such request for a refund must be made within twelve (12) months of the completion, denial, or withdrawal of the project/application. **In addition, if any property, building, or structure is used or occupied prior to the issuance of any occupancy certificate and/or certificate of completion, the funds in the Escrow shall be automatically forfeited.**
